

Copying Algorithms Exercises

copy()

- Describe the copy function
- Write a simple program that uses copy()
- Write the equivalent code without using copy()

copy_n()

- Describe the copy_n function
- Write a simple program that uses copy_n()
- Write the equivalent code without using copy_n()

copy_if()

- Describe the copy_if function
- Write a simple program that uses copy_if()
- Write the equivalent code without using copy_if()
